Wellness is not the absence of disease, illness, and stress but the presence of: Purpose in life; Active involvement in satisfying work and play; Joyful relationships; A healthy body and living environment; Happiness.

The following is a list of the 8 Dimensions of Wellness.
Please check the dimensions, if any, that you are interested in incorporating into your treatment plan. A staff member will follow up with you regarding strengths and needs you have in these areas.

Physical Wellness involves the maintenance of a healthy body, good physical health habits, good nutrition and exercise, and obtaining appropriate health care.

Intellectual Wellness involves lifelong learning, application of knowledge learned, and sharing knowledge.

Environmental Wellness involves being and feeling physically safe, in safe and clean surroundings, and being able to access clean air, food, and water. Includes both our micro-environment (the places where we live, learn, work, etc.) and our macro-environment (our communities, country, and whole planet.)

Spiritual Wellness involves having meaning and purpose and a sense of balance and peace.

Social Wellness involves having relationships with friends, family, and the community, and having an interest in and concern for the needs of others and humankind.

Emotional Wellness involves the ability to express feelings, enjoy life, adjust to emotional challenges, and cope with stress and traumatic life experiences.

Financial Wellness involves the ability to have financial resources to meet practical needs, and a sense of control and knowledge about personal finances.

Occupational Wellness involves participating in activities that provide meaning and purpose, including employment.

•An in-home/community/school counselor will typically be coming weekly. Although appointments are usually made once per week, some sessions may be more or less frequent depending on the needs of the family/child/client. Appointments will ordinarily be 60 / 90/ 120 minutes in duration and possibly longer in crisis situations. If a cancellation is required, we ask that you give us 24 hours' notice. Additionally, your MHP/BHRS/CM will make every attempt to inform you in advance of planned absences, and provide you with the name and phone number of the mental health professional (MHP) covering their practice.

• I will/have received copies of the mission statement, confidentiality limitations, grievance procedure, emergency procedures and other relevant documents.

• I will be an active part of the treatment process, and am thereby expected to work cooperatively with the assigned MHP/BHRS/CM, and I will keep them updated of phone number/address changes. I will also be expected to participate in discharge planning, as the goal of TLC is for you/client to complete your goals and objectives.

•Psychotherapy (counseling) has both benefits and risks. Because the process of psychotherapy often requires discussing the unpleasant aspects of life, the client may be as risk of experiencing uncomfortable feelings, such as sadness, guilt, anxiety, anger, frustration, loneliness and/or helplessness. Psychotherapy has been shown to have benefits for individuals who do undertake it. Therapy often leads to a significant reduction in feelings of distress, increased satisfaction in interpersonal relationships, greater personal awareness and insight, increased skills for managing stress and resolutions to specific problems, but a guaranteed outcome cannot be given. Psychotherapy requires a very active effort on your part in order to be most successful. This means you will have to work on skills presented in counseling sessions, outside of the sessions via homework.

• Office hours are from 9am-4pm, Mon.-Fri., or by appointment. The agency phone number is listed above. Crisis Intervention/ Emergency Services will be available to consumers. TLC staff will be available 24 hours-a-day for crisis intervention and an appropriate referral will be made to community emergency services as needed. If the MHP/BHRS/CM is not immediately available to take your telephone call, you may leave a message on their confidential voice mail, and your call will be returned as soon as possible. You may also email your MHP/BHRS/CM. Please be patient as return calls/emails may take a day or two for non-urgent matters. If, for any number of unseen reasons you do not hear back from your MHP/BHRS/CM and you feel you cannot wait for a return call, please call them again. If for any reason you feel unable to keep yourself safe, 1) Call 911 immediately, 2) go to your Local Hospital Emergency Room, or 3) call 911 and ask to speak to the mental health worker on call.

• Per mutual agreement, the child (client) may be taken on outings with the MHP-counselor/BHRS/CM. Scheduling and goal of such outings will be predetermined by MHP/counselor and client/family. If required I authorize tlc staff to assist in medical treatment in a medical emergency and this includes transportation to a hospital, physician offices and/or treatment by medical personnel.

•If I am unhappy with what is happening in treatment, I am free to talk with the MHP/BHRS/CM and/or the Grievance Coordinator so my concerns may be addressed and handled with care and respect. I may also request to be referred to another therapist and am free to end therapy at any time. I also have the right to ask questions about any aspects of therapy and about the MHP/BHRS/CM's specific training and experience.

TLC Consumer Grievance Concerns / Documentation / Submission / Procedures/Outcomes/Appeals

TLC written policies and procedures for consumer grievance concerns require documentation and reporting of unusual grievances and analysis of the contributors to the grievance and reporting unusual grievances and attention to issues that would allow opportunities for program improvement.
If an out-of-the ordinary grievance occurs during work hours with a consumer/family the consumer will contact the grievance coordinator listed in the consumer admissions/intake packet.
The grievance coordinator will be asked to report the concern immediately to the Program Director and the Clinical Director. The grievance coordinator will then contact the consumer within 48 hours of the consumer contact and determine if the information can be gathered via a phone call or face-to-face. The grievance coordinator will get the following information for the consumer grievance report. The grievance report will include:

1) Facility, the name(s) of the consumer(s), staff member(s) or property involved.
2) Returning means of contact preference for the consumer
3) The time, date and physical location of the consumer concern.
4) The time and date the grievance was reported and name of the staff person within the facility to whom it was reported too.
5) A description of the grievance;
6) Resolution or action taken, date action taken, and signature of appropriate staff.
7) Notification of the consumer regarding action taken
8) Explanation of appeals process two consumer

*The local advocate will assist the consumer with anything regarding the grievance needed including:
a). filing the grievance.
b). serve as resource for consumers for questions or information dissemination about the facility, admission and discharge process, or other basic human needs while in treatment: and
c). make contact with consumers involved in or who witness incidents.

If you have any concerns regarding your care with TLC please contact the office at 918-406-3420 and asked to speak to the TLC Grievance Coordinator Dr. J.M. Kirk, LADC. Grievance decisions will be completed by the Coordinator, Executive Director, and Clinical Director and written notification will be made to the client within 24 hours of the decision. The decision maker will be the Executive Director, Chris Taylor. He can be reached at 918-406-3420.
